

# Chess

Each Thursday, the Vredehorst (Tarthorst 1) houses Chess Club Wageningen. Using the 64 squares as their battlefield, 70 adults and 30 juniors fight it out on the chess board. From 8 PM till 12 PM, a game is played for the club competition. Each week you will find an opponent of your own strength. After the match, you will find people analyze their game or chat over a drink at the bar. It is also possible to join the team competition and play against teams from other towns or to follow chess training sessions.
