

Horse driving

De Paardengroep is the horse driving club in Wageningen! We organise a horse driving course (Dutch only) and drive our Frisian club horse Hiske. In addition, we organise many activities for drivers as well as riders. For instance: obstacle cone driving, workshop 'training young horses', dressage driving lessons and outside riding. We also participate in traditional activities: in 2012 De Paardengroep won the ring stabbing competition at the annual Vlegeldag in Bennekom! Non-Dutch speakers can join us on a drive or ride and watch activities.
