

Thesis Fair FNP

26 January, 2023

Georg Winkel

WAGENINGEN
UNIVERSITY & RESEARCH

100years
1918 - 2018

Who we are

- Social sciences' group specialized on forests and nature conservation
- Diverse backgrounds but shared passion for nature/forests
- Scientific quality *and* societal / policy relevance

FNP-research

Research themes

- Forest and nature policy and governance (political sphere)
- Value chains and ecosystem services markets (market sphere)
- Nature-Society Interactions (society sphere)

Forest and nature policy and governance

- Nature Politics: decision-making, power – knowledge incl. role of science, winners & losers...
- Global-local nexus
- EU politics and its impact inside and outside Europe

**Ambities en doelen
van Rijk en provincies
voor de Bossenstrategie**

Dit is een uitgave van het ministerie van Landbouw, Natuur en Voedselkwaliteit en de gezamenlijke provincies

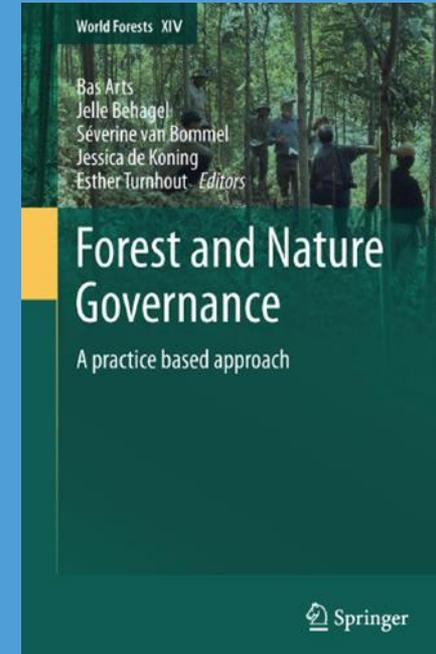

Value chains and ecosystem services markets

- Forest landscape economics and value chain governance (timber and non-timber)
- Community forestry
- Agriculture-forests nexus

Nature society interactions

- Forest and conservation conflicts
- People and nature – perceptions, values & practices
- Biocultural diversity
- Human-wildlife interrelations
