

HBO minors 2015-2016

HBO students can do a HBO-minor (of 24 or 30 credits) at Wageningen University during their HBO study. The HBO-minor is scheduled at Wageningen University in Wageningen, in the first, second and third period of the academic year of Wageningen University. HBO students of admissible HBO programmes can participate in a HBO-minor in the third or fourth year of the HBO study in consultation with the HBO study advisor. For all four specializations of MME there are several separate HBO-minors. Students can select one of the six offered HBO-minors (A1-D1 see below) in consultation with the Wageningen study advisors.

The courses marked in bold for the different HBO minors are compulsory. Students can select 2 of the other mentioned courses in consultation with the study advisor. MO stands for morning course and AF for the afternoon. There is a possibility to substitute the optional HBO-minor courses for more advanced courses after approval by the examination committee.

To be admitted to the HBO-minor you need to:

1. Have obtained 150 of the 180 credits of the first 3 years (when you are in your fourth year).
2. Show English proficiency. A score of 8 out of 10 on HAVO or 7 out of 10 on VWO for English is sufficient. The OOPT test can be taken in Wageningen when one of the former is not the case. The OOPT score needs to be at least 70%. Under paragraph 3.4 more information on the English test can be found.
3. Have the permission of the examination committee of your HBO to follow these courses at Wageningen University.

When students use this minor to continue with the master programme MME, they should be aware that admission to the HBO-minor is no automatic admission to the master MME. The criteria for admission to MME are outlined in chapter 3 of the Management, Economics and Consumer Studies Brochure, which can be downloaded via <http://www.wageningenur.nl/en/Education-Programmes/prospective-master-students/MSc-programmes/MSc-Management-Economics-and-Consumer-Studies/Programme.htm>.

When you want to subscribe for a HBO-minor, you should subscribe yourself as 'bijvakstudent'. This means you are a student at another university or HBO and you follow one or more courses at Wageningen University. You can download the form to subscribe via <https://www.wageningenur.nl/en/Education-Programmes/Student-Service-Centre/Show-SSC/Bijvak-and-Contract-Student-1.htm>

The form for 2015-2016 will be online in June 2015.

Always notify the Wageningen University study adviser after you registered for the HBO-minor. This way you will receive an invitation for one of the Education Days in the last weeks of August. During this day you'll receive information on schedules and facilities. Besides that you'll be able to meet other students. Also, you will be notified on the Mathematics Refresher Course which starts in the last week of August.
